

# KNYSNA WEDDING VENDORS

MY TRIED & TRUSTED LIST OF VENDORS

The Garden Route has been the coveted wedding destination for a good few years now and it's really hard to argue otherwise. The coastal towns have endless natural beauty and I am still discovering new wedding venues and reliable vendors.

There is so much going on preparing for your wedding day, the last thing you need to worry about is if the DJ will arrive or will the catering company remember the 10 vegetarian and 2 gluten free meals. I have compiled my very exclusive list with the Wedding vendors I have worked with during my time and would highly recommend. Of course there are more out there that I haven't worked with (that could be included) or would not like to work with again (they won't be on my list).

I have added a few businesses who are willing to travel.
